IMPORTANT INFORMATION

**FREIGHT QUOTES ARE VALID
FOR 72 HOURS ONLY**

FREIGHT INFORMATION

Please be aware there are extra charges for accessorial services including but not limited to; off route charges, residential delivery, farm location delivery, school delivery, power tailgate delivery, call for delivery appointment, call ahead of delivery, pallet jack rental and usage, inside delivery, storage, excessive unloading times and driver assistance. If you request or accept the use of these services, we will be billed for them, and in turn, you will be billed for them.

Please fill out the freight questionnaire on the next page to ensure accurate and efficient shipping, eliminating unwanted surprises.

Let's work together to ensure another successful growing year.

Sincerely,
The HJS Wholesale Team

TERMS & CONDITIONS

- Please refer to the terms listed on the invoice(s) to determine the due date.
- Credit limits are established by HJS Wholesale Ltd. and can be amended or withdrawn at any time without notification.
- A finance charge of 2% per month (24% per annum) will be charged on all overdue invoice amounts.
- Payments will be applied to finance charges first and then to oldest invoice amounts.
- Payments using Visa or MasterCard to pay account balances will be charged a 4% credit card processing fee.

ACCEPTABLE PAYMENTS

- E-Transfer can be sent to accounts@hjswholesale.com.
- Cheques are payable to HJS Wholesale Ltd.
- Visa or MasterCard can be used at time of purchase/shipment waving the 4% credit card fee .
- Now accepting Debit Visa & Debit MasterCard.

INTERAC E-TRANSFER® NOW AVAILABLE

Send to: accounts@hjswholesale.com

At HJS Wholesale, we are committed to making your experience as seamless as possible. Here's why e-transfers are the perfect choice for you:

1. **Convenience:** Pay anytime, anywhere, directly from your bank account.
2. **Speed:** Quick processing ensures your transactions are completed promptly.
3. **Security:** E-transfers are safe and encrypted, giving you peace of mind.
4. **No Fees:** Enjoy hassle-free payments without the added costs.
5. **Efficiency:** Streamline your accounting with straightforward electronic payments.
6. **Flexibility:** Make multiple payments as needed, provided they do not exceed your daily transfer limit. We recommend verifying your daily limit with your bank to ensure smooth transactions.
7. **How to Pay:** When making an e-transfer, simply **include a note in the comment section with your customer number and invoice or sales order number** to ensure accurate recording of your transaction.

Elevate your payment experience with HJS Wholesale Ltd – where efficiency meets excellence!

- CHEQUES, CASH, AMEX
- VISA, & MC (+4% PROCESSING FEE)

PRODUCTION CHAPTER

BONADEA GARDENS®

RETAIL SOIL LINE

Item # 1

Usage:

Description:

Bonadea Gardens - 3 in 1 Plus Blended Soil Mix

New Garden Beds:

3 in 1 is the most complete blended soil, and can be used for establishing a new garden or shrub bed. It contains compost which helps improve microbial activity in the soil.

Planting trees, shrubs, roses and perennials:

Before planting, in the bottom of the hole, mix 50% 3 in 1 with 50% existing soil and line the bottom of the hole. Use that same ratio in and around the root ball, when back filling the hole.

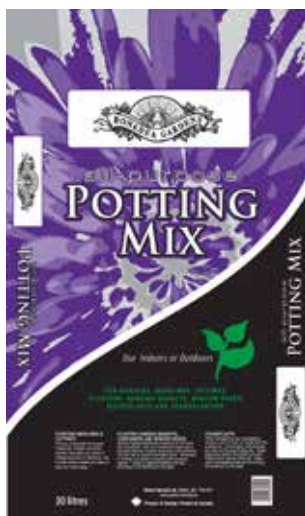

Topdressing lawns:

Use directly to topdress your lawn and fill in bare patches. Add 30 to 40L per 10m², rake and water in well.

Sizes:

30 Litres - 60/pallet (Item # 1: 445-48040-BG)

- All Trees
- Shrubs
- Roses & Perennials
- New Garden Beds
- Topdressing Lawns

Item # 2

Usage:

Description:

Bonadea Gardens - All Purpose Mix

Starting Seedlings & Cuttings:

Fill trays or pots with All-Purpose Potting Mix, moisten soil before planting, then plant your seeds or cuttings according to directions. Use a mister bottle to water your seed so they won't wash away.

Planting hanging baskets, containers and window boxes:

Add All-Purpose Potting Mix to about 5 cm (2") from top of container. Add your flowers and water with a transplant fertilizer solution according to the directions.

This will help to prevent transplant shock. Remember to fertilize your plants during the entire growing season. Choose a balanced fertilizer and use according to the directions on the label.

Houseplants:

When transplanting your houseplants, choose a pot 5 or 6 cm (2") larger than the existing pot. In the bottom, add drainage and then All-Purpose Potting Mix. Gently place your plant in the bottom and add Potting Mix to the top of the pot. Water with a transplanting solution according to the directions on the label.

Sizes:

30 Litres - 75/pallet (Item # 2a: 445-33030-BG)

56 Litres - 60/pallet (Item # 2b: 445-33056-BG)

- Seedlings
- Cuttings
- Hanging Baskets
- Containers
- Window Boxes
- Houseplants

PREMIER TECH **PRO-MIX**

Fine-tuned for growers who seek efficiency, superior plant quality, disease suppression and resistance to environmental stresses. Choose PRO-MIX products with MYCORRHIZAE, BIOFUNGICIDE or both to deliver outstanding plant quality and crop performance.

Item #	Description	Size	Quantity
3	Pro-Mix BXM	3.8 cf	30/Pallet

This mix is a solution for growers seeking to benefit from both the nutrient retention ability of vermiculite and a perlite content providing limited but proper drainage capacities. Combined with high-quality fibrous peat moss, this formulation is ideal for growers looking for a general purpose medium which creates a well-balanced growing environment.

Item #	Description	Size	Quantity
4	Pro-Mix HPM	3.8 cf	30/Pallet

This higher perlite mix provides a great growing environment that offers significant drainage capacity, increased air porosity and lower water retention. The added benefit of fibrous peat moss and coarse perlite makes this formulation ideal for growers who require a superior-quality product adapted to their needs for watering flexibility and crop seasonality.

Item #	Description	Size	Quantity
5	Pro-Mix FPX with Biostimulant	3.8 cf	30/Pallet

Providing an optimized growing environment is fundamental, especially when it comes to plugs and germination, as it will define future productivity levels. This mix is well adapted for water-sensitive crops by providing low water retention levels and good air porosity for developing seedlings.

Berger is a world leading producer of horticultural and agricultural mixes who have successfully combined three-generations of scientific and practical know-how. They have engineered a wide range of first-rate growing substrates for the past 60 years. Their combined scientific advances and clear understanding of professional greenhouse production have helped providing predictable growing results.

Item #	Description	Size	Quantity
6	All-Purpose BM6 (Incubated PH = 5.4-6.2)	3.8 cf	30/Pallet

The classic peat-and-perlite growing medium is made exclusively with superior ingredients and stringent quality-control specifications. Benefit from easy inventory management with this versatile and adaptable mix.

Ingredients

- Premium selected coarse grade peat moss
- Coarse grade perlite
- Dolomitic and calcitic limestone
- Non-ionic wetting agent
- Standard fertilizer starter charge

Advantages:

- Most versatile Berger product
- Easy to manage under varied conditions and container sizes
- Recognized as a best-value product for many crops
- Consistent and uniform for predictable results

Use:

- An excellent general-purpose container and transplant mix that can also be used as a good rooting substrate for direct-stick cuttings.

Crops:

- A wide variety of crops including annuals, perennials, bedding plants, vegetables and much more.

Item #	Description	Size	Quantity
7	All-Purpose BM6 HP (Incubated PH = 5.4-6.2)	3.8 cf	30/Pallet

With higher perlite content, this version of our renowned BM6 is designed to provide additional drainage and aeration. This traditional peat-and-perlite mix's versatility and performance exceeds industry expectations.

Ingredients

- Premium selected coarse grade peat moss
- Coarse grade perlite
- Dolomitic and calcitic limestone
- Non-ionic wetting agent
- Standard fertilizer starter charge

Advantages:

- Reduces plant stress due to excess water
- Proven performance
- Excellent drainage capacity for better control of your fertilizer program
- Consistent and uniform for predictable results

Use:

- An excellent general-purpose container and transplant mix that can also be used as a good rooting substrate for direct-stick cuttings.

Crops:

- A wide variety of crops including annuals, perennials, bedding plants, vegetables and much more.

Professional and expert producers of peat moss and bark-based growing mixes for professional use in North America. A variety of formulations to choose from for the production of a wide variety of crops.

Resilience (RSI) is now available with the #1, #4, and #7 growing mixes. The silicon additive enhances plant quality resulting in thicker/stronger stems, compact growth, increased root mass, and extended resistance to wilt.

Item #	Description	Size	Quantity
8	Sunshine Mix #1 with RSI	3.8 cf	30/Pallet

An all-purpose lightweight growing mix, a versatile peat based formulation for expert growers. It is used for a wide variety of crops from cuttings to finished product.

Item #	Description	Size	Quantity
9	Sunshine Mix #4 with RSI	3.8 cf	30/Pallet

Recommended where high air capacity and fast drainage are needed: during winter months, for water and salt sensitive crops, and where frequent leaching is required.

Item #	Description	Size	Quantity
10	Sunshine Mix #7 with RSI	3.8 cf	30/Pallet

Polymer gel holds available water near the roots making it an excellent mix for plants needing frequent watering or receiving less than ideal care once they leave the greenhouse.

GROWING MEDIA

The production of greenhouse crops involves a number of cultural inputs. Among these, perhaps the most important is the type of growing medium used. Due to the relatively shallow depth and limited volume of a container, growing media must be amended to provide the appropriate physical and chemical properties necessary for plant growth.

Item #	Product Code	Description	Type	Size	Price (ea.)
11	450-106405-PV	Vermiculite	Medium Grade	110 L	\$ 38.70
12	450-107402-PV	Vermiculite	Coarse Grade	110 L	\$ 41.70
13	450-107501-PV	Vermiculite	Super Coarse Grade	110 L	\$ 41.70

Vermiculite allows growers to create a growing media that promotes healthy, profitable crops.

- Features smaller sterile absorbent particles results in superior water and nutrient holding capabilities
- Its natural mica mineral composite expands under extreme heat to help loosen soil allowing roots to spread and grow which makes it a great option for seed germination and cutting propagation
- Attracts potassium, magnesium, calcium, and ammonium which releases vital elements to the roots

Item #	Product Code	Description	Size	Price (ea.)
14	450-105408-PV	Coarse Perlite	110 L	\$ 38.70

Horticultural Perlite helps plants thrive and improves soil structure, keeping it workable for years. This inorganic mineral will produce healthier plants that require less labour and watering.

- Provides aeration and drainage while retaining amounts of water and releases water when needed
- Water-holding ability increases the nutrient holding capacity when water-soluble fertilizers are used
- Can be used by itself, mixed with topsoil or potting soil, or any other sterile media
- Chemically inert, does not deteriorate and has an essentially neutral pH
- Free of disease, weed seeds and insects
- Nontoxic, safe and economical to use

everris.
Formerly ICL

**Osmocote®
 Plus**

Slow Release Fertilizers

Osmocote fertilizers are an innovative product that applies scientific horticultural knowledge. These products provide a choice of longevities as well as the way nutrients are released ensuring that growers receive the highest quality and return on investment.

Item #	Product Code	Description	Size
15	520-A903206C-IC	Osmocote 15-9-12 3-4 months	50 lbs

Recommended for use when growing a wide variety of plants, alone or in combination with water soluble fertilizer, for a steady source of nutrition throughout the season. Contains 100% Resin Coated N-P-K+Micro-nutrient cores. This product has a standard pattern of release.

- For use in greenhouse, nursery and foliage production, container gardens, interiorscapes and landscapes
- ICL Specialty Fertilizers Patterned Nutrient Release Technology™ meets specific feeding cycles with unmatched consistency, efficiency and safety
- "Standard" release products are recommended for use when consistent fertility is required throughout the plant's growth cycle
- Special circumstances such as sensitive or high-value crops can be fertilized with this product
- For use with Dibbling equipment
- Can be Incorporated into growing media or Surface Applied in the container

Item #	Product Code	Description	Size
16	520-A90550C-IC	Osmocote 14-14-14 3-4 months	50 lbs

General purpose formulation for a wide variety of plant types. 3-4 month longevity. Suitable for use in nursery, foliage and greenhouse production, container gardens, interiorscapes and landscapes.

- Excellent as a base feed for heavy-feeding greenhouse and nursery crops
- Ideal for topdressing established hanging baskets and perennials
- Safe for long-term feeding of interior foliage plants
- Eliminates repeated applications, saving time and labour costs

Item #	Product Code	Description	Size
17	520-A99404C-IC	Fusion 19-6-9 5-6 months	50 lbs

A fusion enhanced fertilizer specially developed for surface applications in container nursery stock. Reapplication is minimized, which reduces additional fertilizer and labour costs. By keeping more fertilizer in the pot from the start, plants consistently receive the nutrition they need to achieve superior results.

- When applied as directed, the unique Fusion Technology works to bind the prills to the growing media; should containers get knocked over, more of the fertilizer stays in place, minimizing the need for reapplication.

**Peters®
Professional**

Water-Soluble Fertilizers

Peters Professional delivers a comprehensive fertilization plan to meet your needs and assures that nutrients and trace elements remain readily available for fast and easy absorption.

Item #	Product Code	Description	Size
18	510-G99353-IC	Plant Starter 10-30-20	25 lbs

This is a powerful formulation that is designed to stimulate the development of flower buds. This contains high phosphate levels and has the N:K ratio of 1:2 which is ideal for bud formation and development.

Item #	Product Code	Description	Size
19	510-G99253-IC	Peat Lite Special 20-10-20	25 lbs

This is ideal for use in dull weather conditions and at lower temperatures especially recommended for application when growth is desired during the winter season. This contains a lot of fast-absorbing nitrate nitrogen for quick effects.

Item #	Product Code	Description	Size
20	510-G99293-IC	General Purpose 20-20-20	25 lbs

This contains a growth-increasing formula with broad application possibilities. It is a balanced NPK formulation which contains urea and is therefore particularly suitable for use in the spring and summer. This can also be used as a foliar feed.

Item #	Product Code	Description	Size
21	510-G99713-IC	Peters 30-10-10	25 lbs

Ideal for in-ground field use, this classic formula provides extra nitrogen for bedding plants, containerized woody plants, flowering pot crops, potted foliage and landscape applications, plus plugs of all types.

Item #	Product Code	Description	Size
22	510-G99008C-IC	Peters 19-11-21	25 lbs

Water soluble fertilizer with a formulation that provides your plants with the nutrition they need to thrive while easily conveniently managing alkalinity of your irrigation water.

INTRODUCING Keystone™ POT & TRAY SYSTEM

HC PLASTICS - KEYSTONE™

HC Companies' continual drive to innovate and create better products led to the creation of this space-saving solution. The newly designed pot that minimizes tray size while maximizing the number of pots that can fit on grower and retailer shelves.

Features & Benefits

Shape & size allows for maximized space savings

The Keystone™ pot is a minimum of 20% more efficient in the majority of applications.

Unique Shape

Tag slots on every side of pot & easy insertion

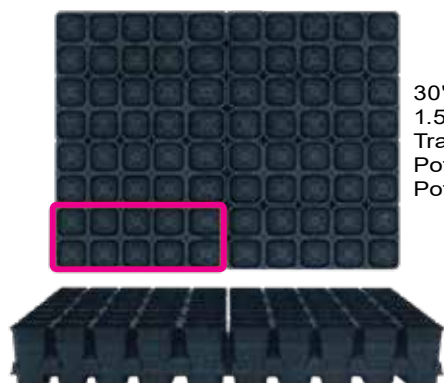

PCR compliant per current known state legislations

Ability to print on every side of the pot

Maximized Space Savings

1. Minimal nesting gap.
2. Calculated pot size and shape allow for more pots to fit in smaller footprint.
3. Pot and tray count is maximized to fit more various grower carts and shelf sizes.
4. The pots and different tray configurations help maximize freight efficiencies leading to grower cost savings, multiple industry standard carts and shipping methods.

30"x40" GROWER SHELF
1.5 and 1 Pint Keystone
Tray Qty: 8 Trays
Pot Qty: 8- Pots
Pots per Tray: 10

Unique Shape

- Unique shape allows for an elevated and softer look.
- Rounded corners allow for more soil volume than a round pot while having the space saving benefits of a square pot.
- Pots fit rim to rim on trays to be automation friendly.

Maximum Printing Opportunity

Keystone gives you the option to print on all FOUR sides of the container, giving you maximum opportunity for your message and branding to stand out.

Available Sizes

Item #23: 1 PINT
Pot Dimensions:
4.51" H x 3.48" W x 2.98" D
Tray Dimensions:
4.82" H x 17.52" W x 6.3" D

Item #24: 1.5 PINT
Pot Dimensions:
4.91" H x 3.95" W x 3.54" D
Tray Dimensions:
5.15" H x 19.87" W x 7.11" D

Item #25: 1 QUART
Pot Dimensions:
5.05" H x 4.81" W x 3.89" D
Tray Dimensions:

FERTILIZER APPLICATIONS & WATERING EQUIPMENT

Nature Source Plant Food

Item #	Product Code	Description	Size	Price (ea.)
27	540-7545CN-NA	Professional Plant Food 10-4-3	4.7 gal	\$ 74.60

Nature's Source plant food is easy, efficient and effective in helping boost your crops' nutrient efficiency. The concentrated formulas are easy to mix and goes a long way to help ease the stress of growing plants. Nature's Source simplifies feeding while producing premium quality products. GMO Free & Pathogen Free-heavy metals free.

Fertilizer Injector

Item #	Product Code	Description	Price (ea.)
28	867-113209-DO	SD30 2.5% Fertilizer Injector	\$ 1,149.00

SuperDos operates without electricity to precisely inject liquid concentrates into a water supply line using fluid flow as the power source. SuperDos is designed with a patented internal mixing chamber that promotes homogeneous mixing, while segregating harsh chemicals from critical internal components.

- Water-Driven
- Proportional Injector
- High chemical compatibility
- Accurate and reliable at all flow rates
- Quick-change maintenance parts
- Low pressure loss
- External Adjustment
- Eliminates the need for electricity and allows a wide range of chemical uses
- More cost effective and easy to install, operate, and maintain

GREENHOUSE STRUCTURE

COLD FRAME STRUCTURES

GREENHOUSES DESIGNED FOR QUICK AND EASY ASSEMBLY

The OMNI COLD FRAME greenhouse is an economical solution to your greenhouse and shelter needs. The multi purpose cold frame provides shelter for year round growing, overwintering of crops or general storage for hay, farm equipment, cars, trucks, boats etc. Omni cold frame greenhouses are designed to be quickly and easily assembled by the purchaser. Features such as pre-drilled holes, slip fit arch connections and Omni's unique track mounted poly-saver ridge system which is standard on all structures, simplifies construction while ensuring consistency in strength and durability.

Structures available in 10, 12, 14, 16, 20 ft. widths.

FREE STANDING STRUCTURES

DESIGNED TO WITHSTAND EXTREME WEATHER CONDITIONS

The competitively priced OMNI FREESTANDING greenhouses are designed with superior strength and dependability in mind. Welded reinforced arches provide maximum wind and snow load protection with standard 6' arch spacing or optional 4' arch spacing for extreme weather load conditions. The prefabricated slip fit trussed arch design with pre-drilled holes provides a superior strength frame while simplifying assembly and shortening construction time. Omni's unique 4' high straight sidewall and open span design give you optimum unobstructed space in the interior of the structure which allows for convenient placement of mechanical systems as well as hanging basket production.

Structures available in 20, 24, 27, 30, 36, 40 ft. widths.

NEW & IMPROVED TREE WATERING BAG

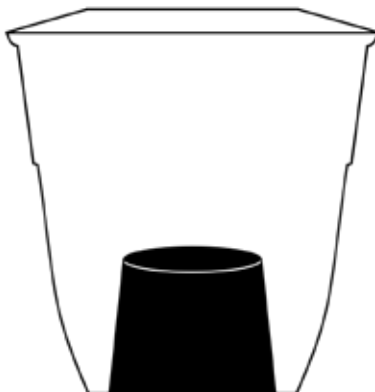

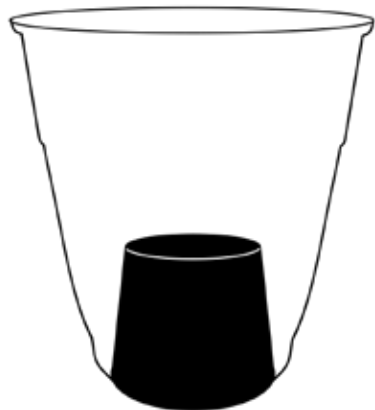

Item #	Product Code	Description	Size	Quantity	Price (ea.)
133	3500-TREEBAG-GT	Tree Watering Bag	20 Gallon	12/case	\$ 12.50

This is a slow-release mechanism that ensures that water seeps directly into the soil, reaching the tree's roots zone without runoff or evaporation.

- Best for young trees.
- Place in dry areas.
- Use only 3 months at a time and store away after each season.

SOIL SAVER

NEW AGE IN GARDENING

TRANSFORM YOUR GARDENING EXPERIENCE
WITH SMART SOIL SAVER PLANTERS

LESS IS MORE

Soil Saver planters are becoming increasingly popular because of their many benefits. One of the most significant advantages of these planters is their environmental friendliness. They use less soil, which means less waste and less impact on the environment. Additionally, the reduced soil volume means less water is needed to keep the plants hydrated, which can save on water usage and reduce the amount of runoff.

Also, using a soil saver planter can help to reduce the amount of water and fertilizer needed to grow plants. This is because the planter is designed to hold a smaller amount of soil, which means that the roots of the plants have less space to grow. As a result, they are more efficient at absorbing water and nutrients, which can lead to healthier and more vibrant plants.

WATER SAVER

WATER SAVER

This self-watering planter offers more than an elegant look. The soil within the planter sits on top of the water reservoir that allows the roots to stretch down out of the soil and into the water for nourishment to stay healthy. The base has an 8" tall cone that will drain any cause of over watering while conserving water that also prevents root rot. This is the perfect solution for travelers and those having difficulty keeping up with plant watering needs.

Item # 134

Joanna Square with Water Saver 15½"

Out: 15½"x15½" H: 22"

\$30.00 ea (6/cs)

Available Colours:

124-TZ3204BBP-TV (black brushed penny)

124-TZ3204BK-TV (black)

No More Worrying

These planters allow you to enjoy beautiful, season long plants that won't cause you any worry when you go away for the weekend! The water reservoir includes an overflow feature to prevent over-watering and allows you to relax the need to water established plants only every 3 to 4 days. In addition, the removable liner makes clean up and quick changes easier. Store away during the colder months or use it for an attractive winter display with seasonal greens and red bows of embellishments. The classic black colour matches any decor.

BRINGING INNOVATION HOME:

An Alliance HJS WHOLESALE LTD & CTI LIVING

A NEW ERA OF HOME & GARDEN PRODUCTS

This partnership is a commitment to providing customers with an extraordinary selection of products designed to elevate home and gardening endeavors. Here's what you can expect from this new dynamic:

A Treasure Trove of Choices:

Prepare for an expanded product range from HJS Wholesale with the chic home essentials of CTI Living. This partnership means you'll have access to a diverse array of items that cater to every taste and need.

Go Green with Confidence:

Sustainability takes center stage with eco-friendly product lines that reflect CTI Living's dedication to the environment. Now, you can enhance your home while also contributing to a healthier planet—what could be better?

Quality You Can Trust:

Quality assurance is paramount. Both HJS Wholesale Ltd and CTI Living are committed to upholding the highest standards, so you can shop with confidence, knowing that each product has undergone rigorous testing.

Exclusive Innovations Await:

Be among the first to explore exclusive products born from this collaboration. Unique designs that enhance functionality and aesthetics will soon be at your fingertips, transforming your space in exciting new ways.

Prices That Make Sense:

With streamlined operations and shared resources, you can look forward to competitive pricing. Keep an eye out for special promotions as we celebrate this exciting alliance.

SELF-WATERING

SOLUS INSTRUCTIONS:

Hold ropes above 15cm from the bottom

Add soil to the same height and drop the ropes

Place plant(s) in the center of the pot and fill with remaining soil

Water the plant as usual for 3 months

After 3 months, start filling the water reservoir to activate self-watering system

For drainage, if necessary, simply remove the plug at the base of the pot

BETTER WAYS TO GROW

Kozy-Coats®

Item #	Product Code	Description	Quantity	Price (ea.)
286	710-KC2PKDISP-BG	2 Pack Kozy-Coats w/ Display Case	2 Pack x 12/dis	\$ 7.49
287	710-KC2PKC-BG	Kozy-Coats 2 Pack	2 Pack x 36/cs	\$ 7.49
288	710-KC3PKC-BG	Kozy-Coats 3 Pack	3 Pack x 36/cs	\$ 11.19
289	710-KC6PKC-BG	Kozy-Coats 6 Pack	6 Pack x 20/cs	\$ 22.39
290	710-KC10PKC-BG	Kozy-Coats 10 Pack	10 Pack x 12/cs	\$ 37.29
291	710-KCBULK-BG	Kozy-Coats Bulk	150/cs	\$2.89

Step-by-Step Instructions:

- 1 Fill the plastic tubes on the Kozy-Coat with water.
- 2 Adjust the Kozy-Coat into a teepee shape and position over your plant. If the garden soil is cold (or even frozen), place your Kozy-Coats on the soil for a week to 10 days. When the ground has been warmed, remove the Kozy-Coat and set your plant in the ground. Re-position the Kozy-Coat over your plant.
- 3 When the weather is reliably warm, remove the Kozy-Coat and store for use next season.

Repair Sleeves

Item #	Product Code	Description	Quantity	Price (ea.)
292	710-RSC-BG	Repair Sleeves 10 Pack	10 Pack x 50	\$ 2.79

Increase the life of your Kozy-Coats with easy to use Repair Sleeves. Each repair kit comes with enough sleeves to increase the use of Kozy-Coats for many years to come.

Sea Magic

Item #	Product Code	Description	Size	Quantity	Price (ea.)
293	710-SM30PKC-BG	Sea Magic	30 g	100/cs	\$ 4.79
294	710-SM21PKCDC-BG	Sea Magic 21 Package Counter Display (\$4.81 / pkg)	30 g x 21	1/dis	\$ 100.99
295	710-SM230PKC-BG	Sea Magic with Measuring Scoop	230 g	24/cs	\$ 15.49

Adding Sea Magic to your current fertilizing program may be the most important thing you have ever done for your garden. The seaweed in Sea Magic, *Ascophyllum Nodosum*, is harvested from the cold clear waters of the North Atlantic and is quickly dried under a special procedure designed to keep its natural qualities intact. Apply Sea Magic every 2 or 3 weeks to desired areas. For use on all flowers, vegetables, tomatoes, strawberries, fruit trees, shrubs, lawns, seedlings, and houseplants.

Step-by-Step Instructions:

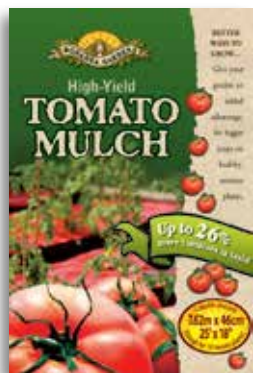

- 1 Dissolve 30 g (1 oz) of Sea Magic into a 4 L (1 gallon) jug or pop bottle filled with warm water. This is your liquid concentrate. Store in a cool place.
- 2 To use on plants in your home or garden, add 15 ml (3 tsp) of the liquid concentrate to each litre (quart) of water. If you're using a standard size 8 L (2 gallon) watering can, add 120 ml (½ cup) of the liquid concentrate each time you fill the watering can with water.
- 3 Combine Sea Magic with your favourite fertilizer.

Blooming Bags

Item #	Product Code	Description	Quantity	Price (ea.)
296	710-BB2C-BG	Blooming Bag Single Pouch - 2 pack	24/cs	\$ 4.49
297	710-EZGROW-BG	E-Z Grow Bags	250/cs	\$ 1.39

Blooming bags are the secret to enjoying full blossoming plants, for the whole growing season and is perfect for hanging anywhere outdoors.

Tomato Mulch

Item #	Product Code	Description	Size	Quantity	Price (ea.)
298	710-HYTCM-BG	High-Yield Tomato Mulch	18"x25'	24/cs	\$ 6.29

Helps grow healthier, more vibrant, and up to 26% higher crop yield. Reflects the growth promoting red spectrum of sunlight onto the plants.

- Retains moisture in soil
- Prevents weed growth
- Reduces blight caused by spores in soil splashing onto leaves
